AI for HR: Transform Talent Management from Recruitment to Retention

Date: August 8

Time: 1:00-5:00PM ET

Presented by Chief Executive Group's AI 360 Academy

Register Here

Uncover how generative AI is transforming talent management, from candidate screening and assessment to employee development and retention. Gain practical insights and best practices from HR leaders who have leveraged generative AI to revolutionize their HR processes.

Who should attend?

The AI 360 Academy for HR session is designed exclusively for sales leaders and their teams who are eager to tap into the potential of Generative AI.

This is not about high-level strategy; this is a hands-on, roll-up-your-sleeves workshop created for doers like yourself. If you're looking to quickly become proficient in this game-changing technology and get your teams up to speed, then this is the program for you.

Whether you're a seasoned HR professional looking to enhance your skills or an aspiring leader eager to secure your place in the future, this AI Academy session for HR teams is your gateway to unlocking the power of generative AI in the HR domain. Join us and embark on this exciting journey towards success!
