

# Calculating vacation pay for hourly employee

written by hri\_Admin | June 6, 2018

*Hi there.*

*Is there specific AB legislation which prohibits employees from sharing salary information with one another?*

*My understanding is that: (1) there is no legislation in place wrt one employee sharing their salary with another; and (2) employers with policies which prohibit this practice, are unenforceable.*

*Can you please provide some guidance, please.*

*Thanks,*
