

EE0 (canada) – EE0/OFCCP (US) – recruitment questions

written by hri_Admin | August 20, 2021

Hi there – are we able to add EE0 questions to our job application process on a non-mandatory basis in canada? I am asking if we can ask questions like gender, ethnic background etc as part of the job application process, on a voluntary basis?

We operate in Ontario and BC mainly and hoping to figure out to get data for DEI purposes.

Thank you
