

Statutory Pay for a part-time employee

written by Shriya Rishi | May 13, 2022

Hi there,

Please would you inform me about this payroll-related question, this is for a contract that I am working on at present.

Will this employee be paid on a statutory holiday that falls on a Monday?

- Their regularly scheduled work days are Tuesday to Friday, and they are paid 80% of the role's compensation, as they work 80% of the hours.
- Even if Monday was not a holiday, they would NOT be working on any Monday.

Thank you,
Shriya
