

## [HRevolution and HR Tech 2013 Recap](#)

This week the *HR Happy Hour* is back with a special LIVE show with a recap and review of all the happenings at the recent HRevolution and HR Technology Conferences.

Join hosts [Trish McFarlane](#) and [Steve Boese](#) for a look back at both events – the sessions, the parties, the exhibits and all the fun from what was a memorable HR week in Las Vegas.

If you were in attendance at either HRevolution or HR Tech, then you are invited to call in to talk with Steve and Trish and to share your thoughts and observations from the events.

Who made you think? Who made you laugh? What was the most amazing HR Technology that you checked out?

We will hit all the highlights and also have a few laughs as well.
