

# Is Working Remotely Really Working?

written by Rory Lodge | September 30, 2012

As this infographic shows, the Canadian workplace is changing.

# Working Remotely

The office in Canada is changing

## Management's View

**42%  
of  
Bosses**

### Support remote working arrangements

However, nearly everyone agrees up-to-date technology is a must

### Even so, they have concerns

These include the inability to talk face-to-face; lack of focus, lack of accountability; and the belief that employees are doing less work

Full-time  
office  
workers  
say

## Top reasons to work remotely

**48%**

Finish work that can't be finished at the office

**44%**

Fewer distractions

**33%**

More productive than at the office

**35%**

Better balance of work/home priorities
