

July 19: Flood Updates

Government efforts to aid those affected by the severe flooding continue:

- Discussions with financial institutions regarding aid for the estimated 1,500 small business owners affected by floods
- Public information sessions regarding disaster recovery and rebuilding and relocation efforts
- Government plan released discussing long-term recovery for affected communities
- [Advice](#) to volunteer workers about hazards of working in flood-damaged buildings, wearing proper safety equipment and avoiding tasks not trained to do
