

# Model Safety Notice to Employees

## **PROBLEM:**

Employees won't work safe just because you tell them to; nor, believe it or not, will they necessarily work safe simply to stay alive and avoid injury. They should, of course, but that doesn't mean that they will. So what *will* motivate employees to work safely? According to experts, it's the fear of liability and getting into trouble under OHS laws.

## **HOW TOOL HELPS SOLVE THE PROBLEM:**

Here's a Model Notice you can use to remind employees of their legal obligations to work safely.
