

# New Brunswick Took a Trio of Steps to Foster Job Creation in the Province

written by vickyp | May 1, 2016

New Brunswick took a trio of steps to foster job creation in the province:

- Renewal of the Youth Employment Fund for 2016-17
- Allowing Small Investor Tax Credits for community economic development corporations and co-operative associations
- Reduction of small business tax rate to 3.5% (with a decrease to 2.5% scheduled for 2018).
