

Personal Protective Equipment Policy

written by Rory Lodge | April 16, 2020

The purpose of the Personal Protective Equipment Policies is to protect the employees of your organization from exposure to workplace hazards and the risk of injury through the use of personal protective equipment (PPE). PPE is not a substitute for more effective control methods and its use will be considered only when other means of protection against hazards are not adequate or feasible. It will be used in conjunction with other controls unless no other means of hazard control exist.
